Dredging Operations Technical Support Program (DOTS)

Description The Dredging Operations Technical Support Program, known as DOTS, provides direct environmental and engineering technical expertise, assistance, application, and training to the U.S. Army Corps of Engineers Operations and Maintenance (O&M) dredging mission and stakeholders. Technology transfer activities have supported diverse field needs for years and have directly benefited O&M dredging operations throughout the United States.

Technical Assistance The DOTS Program's expertise is available to U.S. Army Engineer Districts and Divisions to solve immediate problems through innovative technology.

Points of Contact Dr. Douglas Clarke (CEERD-EE-W)
U.S. Army Engineer Research and Development Center
Environmental Laboratory
3909 Halls Ferry Road, Vicksburg, MS 39180-6199
(601) 634-3770; fax: (601) 634-3205
